

Shared Record Viewer (SRV)

First access

You will receive an email from

noreply@sharedrecordviewer.healthcaregateway.co.uk

Select the link within the email to be redirected to the SRV sign in page. Here you will be prompted to enter a new password. The password you enter must be alphanumeric, at least 6 characters long, contain a minimum of one number, one upper case and one lower case letter.

You will then be prompted to setup a personal security question; your personal security questions help us verify your identity when you can't remember your username or password.

Sign in

To sign into the SRV enter your email address, password and select log in.

Home

Patient Record

Audit

NB. If at any point during a session you wish to swap the organisation you are viewing, select organisations from the organisations menu at the top right hand side of the screen.

Pages ▾

Organisations ▾

Faye ▾

How to change your password

Select 'My Account' from the drop down menu at the top right hand side of the screen

In the user information box select 'Password'.

Enter a new password.

NB. Here you will have the option to set a password reminder; you can select a question from a pre-populated list, or select write my own question from the drop down list.

Select Save

NB. If you enter your password incorrectly three times you will be logged out of the SRV and advised to contact your organisation system administrator.

Alternatively you can select 'Forgot Password' from the SRV sign in page. You will be asked to enter your email address and confirm the text verification presented to you.

Email Address (Required)

Text Verification (Required)

Next

You will then be presented with your personal security questions, if answered correctly you will be sent, via email a link to reset your password.

Password expiration

Your password will expire every 90 days. You will be warned that your password is due to expire prior to reaching the 90 day limit. At this point you can reset your password by following the 'How to change your password' instructions above.

If you are notified that your password has expired, contact the system administrator for your organisation. Alternatively you can select 'Forgot Password' from the SRV sign in page.

NB. If your account is locked, only the system administrator for your organisation will have the access rights to unlock your account.

Accessing a patient record

Select Patient Record from within your services or via the pages tab at the top right hand side of the screen

Within your services

Your services

Home

Patient Record

Audit

Pages tab

You have the option to search for a patient using their unique NHS number or by entering their demographic details.

NHS search

NHS number

Demographic search

Forename

Surname

Date of birth

Gender

Postcode

NB. The fields marked with an exclamation mark are mandatory and must be completed in order to search for a patient using their demographic details.

You will be presented with the patient(s) who meet your search criteria at the right hand side of the screen.

Select the patient

Miss Dorothy Morrison			<input type="button" value="Select Patient"/>
>	Primary Identifier (NHS) 9620344472	Gender Female	Date of birth 10/02/1971
	Address 75 12 Chester Road Green Side Ilkley West Yorkshire		Postcode HD4 7HT

NB. If you are not presented with a patient that you expected to find this could be for a number of reasons. For example the patient has not consented to share their records with your organisation.

Next you will then be presented with the Legitimate Relationship dialog box.

Select the applicable consent reason from the drop down.

Legitimate Relationship

I confirm that I have the patient's permission to view this record or that I have a legitimate relationship with this patient.

Patient is child with no accompanying parent or guardian ▼

State relationship

NB. If you select the reason “Patient is child with no accompanying parent or guardian” the system will prompt you to enter a free text reason.

Select ‘OK’

You will then be taken into the Patient Record screen for that patient. The patient details are at the top of the screen.

Select the organisation you wish to view data from the drop down on the left hand side under “Views”.

Views

Select an organisation ▼

Down the left hand side of the screen you can access the patient information being shared with your organisation.

Each section contains different information; by clicking on the word “Summary” for example you will be taken into the summary section for the patient.
